HARVEST NOTES: The 2014 growing season was early, even, and excellent! The early bud break and consistently moderate temperatures throughout spring and summer resulted in exceptional vine health and optimal ripening. We were able to take our time planning vineyard picks to ensure the highest quality fruit with complex flavors and refined phenolic profiles.

VINEYARDS: Estate - located at the winery, faces west from the side of Howell Mountain and has a slope averaging 22%. The soil is composed of "Tuff" a volcanic ash, allowing the vineyard to drain very well.

Haymaker - An eastern-facing mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION: Intense aromas of black cherry, blackberry, inky, tar and gravel. Big and rich on the palate with velvety tannins and ageworthy acid. Rich oak and a fine finish.
