

**2017 ROSÉ OF SYRAH**  
**HAYMAKER VINEYARD, NAPA VALLEY**

VARIETAL %'S: 100% Syrah

WINE CHEMISTRY: pH 3.30      TA 7.0 g/L      Alc 14.1%

HARVEST NOTES: 2017 started with abundant rainfall, and our grapevines were quite vigorous thanks to this wet start of the season. A heat wave around Labor Day kicked harvest into high gear. Sugar levels returned to normal as cool weather arrived to the still hanging fruit, and most grapes were picked in the following weeks to optimal ripeness. Although Mother Nature threw curveballs throughout the growing season, we love the overall quality of this vintage.

VINEYARDS: Haymaker - An eastern-facing mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION: A burst of watermelon starts the palate, followed by strawberry and pomegranate with hints of citrus blossom. We use the direct press method, allowing for a lush and rich texture, balanced by a well integrated acidity that gives a mouth watering finish. Our dry Mediterranean style Rosé is superb for sipping on its own or enjoying with spring green salads or a seafood dish.
