

# Château Picourneau Malvezin

AOP Haut-Médoc

- vineyard created in 1771
  - First vintage of new owner: 2013
  - Boutique estate : 5 acres
  - Sustainable viticulture.
  - On a clay-limestone subsoil, a sandy-gravelly soil with a thickness varying between 30 and 60 centimeters supports the growing of vines and the development of quality red wines.
- 
- Merlot, (75%) which brings roundness and fruitiness
  - Cabernet-Sauvignon (25%) of delayed maturity that gives the wine its power, its tannic structure and ageing potential.
- Little yield - 36 hl/ha in 2013
  - Hand harvest/ oak ageing.
